SOUTH CAROLINA HOSA PS/COLLEGIATE DEVELOPMENT AND ENGAGEMENT

As the South Carolina HOSA executive council works to grow and develop our post-secondary and collegiate division, we would love your help to determine which colleges and universities in South Carolina that need a HOSA chapter. If you are currently attending or plan to enroll in a higher educational institution that does not currently have a operational chartered association, and would like us to work on the establishment of a chapter, please fill out the attached google form.
