

Health Occupations Students of America

P O Box 866 • Lexington, SC 29071 • www.schosa.org • www.hosa.org

October 5, 2009

Dear Prospective Partner:

Enclosed is our 2009-2010 partnership brochure. We have included you in this mailing because of your vested interest in ensuring South Carolina's future is filled with high-quality healthcare workers and leaders.

This is the one time of the year when we ask trusted partners and caring companies and individuals to provide conference sponsorships and scholarships to support students seeking post-secondary education and becoming future healthcare professionals.

HOSA is the only student organization operating in America's high schools for young people enrolled in health science programs and interested in pursuing careers in the health professions.

Through your involvement with SC HOSA, you have access to tomorrow's healthcare professionals. With more than 4,000 HOSA members in South Carolina and 110,000 nationwide, your contribution ensures we are preparing for the demands of the healthcare workforce.

Will you help us in our goal to attract high-quality individuals into the state's healthcare industry? After all, these students will be the ones we rely on in the near future when we have a need to visit a hospital, physician's office, or dental office.

Here's how you can help: Flip to the inside back panel of the enclosed partnership brochure and check the level of support you are willing to commit to South Carolina's students. You can choose to give a scholarship or sponsor the annual conference that provides educational and leadership opportunities to students. Don't see the amount that fits your budget? Check the "Friend to SC HOSA" box, and your donation can supplement student preparation statewide.

Thank you for considering this valuable contribution to SC HOSA.

Nancy Allen
SC HOSA State Advisor
