HANDS ON BODY SYSTEMS© WORKSHOP

RIVER BLUFF HIGH SCHOOL

April 25 & 26, 2016 | 8:30AM –4:00PM

PROGRAM DESCRIPTION

Monday: April 25, 2016

Hands-On Body Systems: Power Muscles of the Hip & Leg: for Sports Medicine & Athletic Training; Health Science & Biomedical Science Teachers

Instructors will receive awesome and affordable hands-on activities that guide students to understand the musculoskeletal structures of the hip, knee, and ankle; prevention of injuries, and the cause and treatments of trauma to these areas. Participants take what they build with them at the end of the day!

"Activities to make the 'hard stuff' easy!" One-Day Workshop

Tuesday: April 26, 2016

Hands-On Body Systems: CNS Changes due to Injuries, Tumors, and Disease

Participants will build changes that occur from concussions, chronic traumatic encephalopathy, stroke, penetration wounds, brain tumors, and spinal cord trauma. These affordable hands-on lessons will guide students to visualize the changes that occur in the CNS, look at the most up-to-date treatments, and the prognosis of each change.

Participants take what they build with them at the end of the day! *"Activities to make the 'hard stuff' easy!"* One-Day Workshop
