Career Aspiration: Medical Doctor in a third world country
What does HOSE mean to you? This is a family united by the common language of CARE!

Monica Larson
President - Lexington Technology Center
Career Aspiration: Medical Doctor

What does HOSE mean to you? These past four years in HOSE I have been given the opportunity to pursue leadership, service, and engagement in the entire nature of these words. To me HOSE is not just about healthcare, but about the people I have met, compassion I have experienced, and unparalleled experiences I have gained.

Tanvi Mheta
Vice President - Spring Valley High School
Career Aspiration: Neonatal Surgeon

Career Aspiration: Physician Assistant Specializing in Pediatrics or Dermatology
What does HOSE mean to you? With this being my fifth year in HOSE, it has become a part of me. HOSE means experiences and the ability to learn more about myself and my future. The opportunity to meet like-minded peers who can become lifelong friends. The ability to represent what great HOSE means, what I am, but most importantly who I plan to be.

Kyara Livingston
Post-Secondary VP - Winthrop University
Career Aspiration: Physician Assistant Specializing in Pediatrics or Dermatology

Career Aspiration: E.R. Physician
What does HOSE mean to you? A great organization that has shown me the importance of friends & family, medicine, and my future.

Miguel Martinez
Historian - Gilbert High School
Career Aspiration: E.R. Physician

What does HOSE mean to you? A great organization that has shown me the importance of friends & family, medicine, and my future.

Bryson Fulmer
Reporter - Aiken County Career Center
Career Aspiration: Pediatric Nurse or Pediatrician

What does HOSE mean to you? I have been a part of this great organization for three years. HOSE-Future Health Professionals has been a huge part of my life and my heart. It is truly remarkable, from the countless friendships I have made, to the amazing people I have encountered. HOSE-Future Health Professionals will go down as the best student-led organization I have ever participated in.

Preston Hill
Parliamentarian - Clover High School
Career Aspiration: Nurse Anesthetist

What does HOSE mean to you? HOSE is more than a club to me, it’s something where I can go to interact and meet new friends who have similar occupation goals as me.

Priyanka Rao
Secretary - Spring Valley High School
Career Aspiration: Neurosurgeon

What does HOSE mean to you? HOSE has been a guiding light for me these past four years. Being an officer of this organization, I have become more organized, more professional, and more confident in myself. HOSE has given me all the tools to be successful and is the catalyst that has pushed me to become the person and student I am today.

Miguel Martinez
Historian - Gilbert High School
Career Aspiration: E.R. Physician

Special Thanks to:
Category Chairs, Courtesy Corps Members and Voting Delegates; SLC Planning Committee; parents, chaperones, and volunteers; board members, partners, exhibitors, alumni, professional members, and HOSA advisors who dedicated their time to judging our competitions; SC HOSA Executive Committee, and Stacie Elwood, Board Chair; Katrina Hayes, Chair-Elect, Greg Black and Tyrell Singletary, SC HOSA Alumni members; Khalil Tubbs, National HOSA Officer.
GENERAL INFORMATION

Hotel Etiquette: Practice your HOSA manners and adhere to the Code of Conduct at all times. Remember, other guests are in the hotel. Speak quietly in the halls. Be courteous to employees and other guests. Use the stairs instead of the elevators when possible.

Conference Name Badges: It is VERY important that you wear your name badge at ALL times. Your name badge is your admission ticket into competitive events, meetings, the opening session, Thursday night banquet and Friday awards ceremony.

Souvenir Pins will be available for purchase outside of Headquarters, at the information table.

Be sure to visit the exhibit area Thursday 8:00 am - 4:00 pm and Friday 8:00 am - 1:00 pm located in the Ballroom Foyer. Please thank the exhibitors for supporting HOSA!

Competitive Events: Be considerate of others and talk quietly. DO NOT SHARE INFORMATION about your competition. You may be giving someone else information to help them win. Be on time! No exceptions. Arrive at least 15 minutes before your competitive event is scheduled to begin. You should report to the competitive event manager upon arrival.

Symposia: Arrive at the educational symposium events on time and stay for the entire presentation.

Curfew: 11:00 pm. All HOSA members are asked to abide by curfew and not leave their rooms after curfew.

CONFERENCE ATTIRE

Official HOSA Uniform and Dress Code for Opening General Session & Banquet: The following official dress code for the student members for opening general at the SLC will be enforced:

HOSA Uniform:
• Tailored navy blazer with emblem affixed over the heart
• Shirt/blouse for females - white tailored or short-sleeve white jewel neck shell
• Shirt for males - white closed-neck, man-tailored dress shirt, suitable for use with a tie
• Accent for female members - maroon HOSA scarf or tie is optional but not required
• Accent for male members - navy or maroon long tie
• Matching navy slacks for males and matching navy slacks or knee-length skirts for females
• Blue or black shoes

OR

Black or navy blue suit
• With a white shirt (the white shirt can be the member’s choice)
• Blue or black shoes
• Male members wear a tie
• Female members may choose to wear knee-length skirt or slacks

Student delegates not adhering to the above dress policy for the opening general session and banquet at the SLC may not be admitted.

(continued on next page)
**Competitive Events:** Delegates must adhere to the information in *Dress Code* section as specified in each of the competitive event guidelines for the event in which they are competing.

**Business Meeting:** HOSA uniform or official SC HOSA SLC polo shirt and business slacks or knee-length skirt (no jeans and no flip-flops).

**Friday Awards Session:** All registered delegates will be given SC HOSA polo shirts that should be worn with khaki or black slacks, or knee-length skirt to the 2017 Awards Session and State Officer Installation. (No jeans, tennis shoes or flip-flops)

**Official HOSA Casual Dress Code**
Appropriate dress for official social and unofficial functions, workshops and exhibit area visits in conjunction with the SLC, School DRESS CODE must be followed.

**SESSION PROTOCOL**
Delegates must not be rude or disrespectful to those in the audience or on stage. It is important to remain seated until the end of the session. Use of cell phones (talking, texting, emailing) will not be permitted during competitive events and sessions.

*HOSA is committed to building a team of future health professionals who are prepared to meet America’s future healthcare workforce needs.*

**COMMON SENSE SAFETY TIPS**
- Do not wear your conference badge around shopping areas.
- Do not give your room number to strangers.
- Do not leave public establishments with strangers or invite them to your room.
- Familiarize yourself with emergency exits.
- Keep valuables and extra cash in a hotel safety box.
- Keep your room key with you at all times.
- Do not leave your room door open while you visit other rooms.

---

**SCHSE and HOSA**

**A HEALTHY PARTNERSHIP**

*Thank You to all Health Science and HOSA Advisors!*

Pathways to Careers in the Health Professions
According to the Institute of College Access and Success, South Carolina graduates with a baccalaureate degree have the ninth highest student loan debt in the nation. As the cost of education increases, students must find new and creative ways to earn undergraduate and graduate degrees at a more affordable cost. To address the increasing cost of education, the College of Health Professions at the Medical University of South Carolina partnered with the South Carolina Technical College System to establish the Bachelor of Science in Healthcare Studies (BSHS) program. Students save money by completing their first two years at one of the 16 technical colleges in the state to earn their Associate in Science degree. They then enter the BSHS program for the last two years to earn an undergraduate degree with a focus on preparing them to be strong applicants to health professions programs. This presentation will provide an overview of the BSHS program, as well as resources for students interested in the health professions to be successful. This includes opportunities through the Area Health Education Consortium (AHEC) with the Summer Careers Academy and the newly-proposed Bench-to-Bedside course offered at the technical colleges.
Brandi White, Assistant Professor & Program Director Medical University of South Carolina

Leadership Begins With You!
Leadership is not defined by one’s position, but rather how one with the position serves. During our time together we will talk about the world of opportunity that HOSA has to offer and how you can get involved. It’s time to let your leadership skills shine in whatever you do, leadership begins with you!
Khalil Tubbs, HOSA National Postsecondary Collegiate Vice President

Science & Swabbing - Different But the Same
Bone marrow transplants and Q-tips- what could they possibly have in common? More than you think and they can’t succeed without each other. This session is going to provide in-depth detail about the science & medicine surrounding bone marrow transplantation- including the why’s and how’s- with guests from MUSC’s Blood & Marrow transplant team. And how this life-saving process starts with a Q-tip and a call to action.
Ashley Collier, Senior Community Engagement Manager - Be the Match

“Hey, Watch This!”, “I’m the Man” and “Cocaine, Beer and Baby Rattlesnakes”
Tales and Trials from Twenty Years in the ER Trenches
Enjoy this candid conversation with a board certified emergency medicine physician, as she shares typical ER cases and scenarios built around patient histories and photos of actual cases. A great review of vital signs, medical ethics, importance of taking a proper history and performing relevant physical exams, medical decision making, and appropriate patient disposition (admission vs. discharge home).
Jill Healey, MD, Lexington Medical Center

Anatomy of an Interview Question
“Tell me a little bit about yourself” are the most common words spoken to begin most interviews. For most interviewees, these are also the most frightening words ever spoken. Attend this workshop and participants will learn how to answer difficult interview questions and a process that will aid you in giving your best answer to any question. Come prepared to be interviewed.
Alfred Squire, Director, MedEx Academy - Greenville Health System

Check schosa.org for times and locations.
Pharmacists DON’T Just Count Pills…The Truth About a Pharmacy Career
Are you having trouble deciding which specialty of healthcare to pursue? Do you find the prospect of practicing healthcare with the same group of patients or in the same setting for your entire career monotonous? Are you uncertain how you feel about working around blood and other bodily fluids? If any of these questions apply to you then you won’t want to miss this presentation to learn of the many career options that pharmacy offers through obtaining just one Doctorate of Pharmacy degree. In addition to exploring various pharmacy career options, students will be exposed to the educational pathway needed to obtain a degree in Pharmacy and other benefits that the field holds.
Dr. Amy Grant, Associate Dean for Student Affairs and Diversity
University of South Carolina College of Pharmacy

Dealing with High Wind, Floods, Mud & Bugs!
The Public Health Reserve Corps Mission
The purpose of the presentation will be to highlight the overarching mission of the SC MRC in advancing public health initiatives and preparedness and response activities. Examples will include the 2015 significant flood event, 2016 - Hurricane Matthew and Zika which is at the forefront of public health preparedness in SC. The goal is to provide opportunities for HOSA to become engaged with the SC MRC in supporting public health initiatives and preparedness activities.
Ann Sports, Volunteer Coordinator - SC DHEC Lowcountry

Choosing the Right College as a Pre-Med
As interns at the MedEx Academy, we are all recent graduates who are now pursuing medical school. We intend to help inform students about deciding the correct college to prepare oneself for professional school. Some topics that will be covered include myths about the undergrad to professional school pathway, “Do’s and Don’ts” to consider while in undergrad, statistics of undergrad majors from students in South Carolina medical schools, and featured cameos from USC SOMG students who have taken non-traditional paths to get into medical school.
Everett Engstrom, MedEx Lead Intern - MedEx Academy

How to Become Successful in School and Beyond
This session will help students develop and refine themselves as professionals. The focus will be on creating pathways to become successful healthcare professionals by highlighting significant skills including networking, resume development, and the importance of positive mental health. This will enable students to approach educational experiences, and career opportunities with confidence. Students will be encouraged to practice effective networking skills and develop good habits in mental health.
Deneatrice Donald, Health Careers Program Coordinator Upstate (AHEC)

Dollars and Sense: Invest in Your Education for Less with a Tech Company!
This session will highlight the benefits of transfer opportunities, specifically starting at a SC Technical College followed by transferring to a partner four-year or research institution to earn a bachelor’s degree. Data such as tuition costs, education requirements, job outlook trends, and income potential will compare the traditional higher education pathway with options that include a two-year degree first. Participants will learn about current academic partnerships around the state with an emphasis on the brand new Bachelor of Science in Healthcare Studies (BSHS) degree offered by the Medical University of South Carolina (MUSC). This interactive presentation will expose students to helpful resources – both online and in person – so they can further explore how starting at a two-year can propel their education toward a rewarding health profession with less debt.
Aimee’ C. Carter, Ed.D., Director of Academic Partnerships - SC Technical College System

The Ultimate Student Leadership Experience
When it comes to student leadership, there are lots of opinions about what to do and how to do it. But if you boil leadership down to its core, what do you get? In this fun and interactive leadership workshop, you are guaranteed to discover what matters most in leadership!
Kent Julian, Youth Speaker - KentJulian.com

Check schosa.org for times and locations.
Get bendy. Get strong. Get balanced. (Session 1)
Roll out your yoga mat and be amazed at what can happen on that small, yet powerful 2’ x 6’ space. Dr. Bensonhaver has been a yogi for over ten years and a teacher of this ancient practice for nearly four. All medical careers involve intimately caring for others which can lead to emotional drainage and burnout. Furthermore, many healthcare jobs are extremely physical which can be injurious over time. Yoga is a key component in maintaining mental and physical health as well as contributing beyond measure to longevity in one’s career. Mats provided. Namaste.
Kimi Bensonhaver, Dentist & Certified Yoga Instructor - Pink Lotus Yoga Center

NAMI and Mental Illness
Overview of NAMI programs, support groups, and advocacy.
Bill Lindsey, Executive Director - NAMI South Carolina

Public Health In a Developing Country
A pictorial history of the experience of a Peace Corps volunteer who served as a public health education specialist in two locations in Sierra Leone, West Africa. Presentation will include first person narrative of specific challenges of public health among a subsistence farming community and the challenge of teaching with limited resources in a post secondary school program for training village public health inspectors.
Bradley A. Smith, Teacher - Beaufort High School

Advances in Forensic DNA
I will update students on the current technology of Forensic DNA testing with casework examples. New, cutting edge technologies will also be presented.
Steve Lambert, Assistant Professor - Advances in Forensic DNA

Get bendy. Get strong. Get balanced. (Session 2)
Roll out your yoga mat and be amazed at what can happen on that small, yet powerful 2’ x 6’ space. Dr. Bensonhaver has been a yogi for over ten years and a teacher of this ancient practice for nearly four. All medical careers involve intimately caring for others which can lead to emotional drainage and burnout. Furthermore, many healthcare jobs are extremely physical which can be injurious over time. Yoga is a key component in maintaining mental and physical health as well as contributing beyond measure to longevity in one’s career. Mats provided. Namaste.
Kimi Bensonhaver, DDS, Dentist & Certified Yoga Instructor - Pink Lotus Yoga Center

A Look at Mental Health Disorders and Careers
We will look signs and symptoms of the most common Mental Disorders - Anxiety and Depression to the most uncommon - Schizophrenia and Split Personalities, as well as the ones that fall in the middle - Bi-Polar and Substance Abuse. We will end with a look at the possible Careers, related to Mental Health.
Jean Ann Lambert, Community Resource Director - Mental Health America of SC

BE SOMETHING AMAZING!
The South Carolina Hospital Association would like to congratulate all HOSA winners!

Learn about exciting SC hospital careers
www.besomethingamazing.com
Kent Julian is a lot of things: crazy-in-love with his wife, proud father of three, professional speaker, successful entrepreneur, author, swim coach, fish-taco lover, and proud bald guy. But this wasn’t always the case. He started out as an “at-risk” kid who couldn’t read in third grade and ended high school with SATs scores so low that he had to take Development Studies just to get into college—on probation. From these humble beginnings, he went on to graduate college cum laude and earned summa cum laude honors with his Master’s degree. After graduation, he led several youth organizations before eventually becoming the executive director of a national youth organization that served approximately 2,000 youth groups across the United States.

After 20 years in non-profit work, he did something crazy...he launched his own business. Now he speaks, writes, and consults students and leaders all over the world. You can find his work online in cool places like Entrepreneur.com, Success.com, HuffingtonPost.com, GoodMenProject.com, and more. He also hosts his own successful podcast called The Live It Forward Show with Kent Julian.

“Direction Determines Destiny”
What you believe in is evidenced by the steps you take, not just the words you say. You WILL be a difference maker and experience an amazing life when you walk in the direction of your best destiny!
“Good, better, best. Never let it rest until your good becomes your better and your better becomes your best.”

Khalil Tubbs, the 2016-2017 National HOSA Postsecondary/Collegiate Vice President, is excited to inspire every HOSA member to push harder, run faster, reach higher and ultimately be the best they can be.

From the town of Battle Creek, Michigan, he graduated in 2014 from Battle Creek Central High School. While in high school he attended the 21st century health program at the Calhoun Area Career Center his junior year. As a part of this program Khalil went to Bandeen Orthodontics on a clinical rotation where he was later offered a employee position. It is his dream to finish dental school and return home as a orthodontist to give back to his community.

Khalil currently attends Western Michigan University as a junior studying biomedical sciences. He really enjoys traveling, spending time with friends and his three brothers Khafohn, Khaheem, and Michael.

As he embarks on his fifth year as a member of HOSA it is his goal to make this year one for the books, not for himself but for the members.

2017 PARTNER OF THE YEAR

ERIC COCKRELL
MSN, RN, CHES, CNOR - LEXINGTON MEDICAL CENTER

Eric Cockrell has been a valuable partner to HOSA since 2004. His active participation has been multi-faceted. He has been involved as a health science teacher and HOSA advisor in the past but currently serves as a mentor and educator at Lexington Medical Center.

Eric serves as a SC HOSA board professional member, as state officer nominating committee team member, and the state conference judge coordinator. Eric's involvement with HOSA keeps his pulse on students' interests and needs. With this knowledge he creates a mutually beneficial relationship between students and Lexington Medical Center, as well as advancement in the Secondary and Post-Secondary HOSA fields of study.

We appreciate Lexington Medical Center's support for Eric's vision, leadership and commitment to HOSA.

*SS=Secondary  PS=Post-Secondary*
Sheila Gordon, was recognized as an inspirational role model for students and advisors in SC HOSA. Sheila is a local advisor, from White Knoll High School, in Lexington, SC.

Sheila also serves on the SC HOSA Board of Directors, in addition to being an Event Manager for Sports Medicine events at the State Leadership Conference year after year. Sheila’s dedication and dependability has not gone unnoticed.

Sheila is also a leader in her professional organization (National Athletic Trainers Association) and has been recognized nationally as well as locally.

Sheila’s commitment to students is a big part of why the health science/sports medicine program at WKHS is successful at preparing students for careers and the real world. Sheila provides leadership, guidance, assistance and support to students and teachers alike.

This award is richly deserved!

Congratulations, Sheila!

VOTING DELEGATE INFORMATION

THANK YOU for representing your school as voting delegates. Be present at the opening session for the “Meet the Candidates” speeches. You will cast your vote for the 2017-18 HOSA state officers at the Friday business session beginning at 10:30 a.m. Your vote is important to South Carolina HOSA!

As voting delegates, you will each receive a voting delegate ribbon from your advisor. All voting delegates must be seated in the delegate area at least ten minutes prior to the start of the business session.

BUSINESS MEETING RULES

As voting delegates you must be registered, wear your name badges with voting delegate ribbons.
You must be in HOSA uniform, conference polo shirt or business attire (no denim or open toed shoes).
You must be on time for the meeting.
Voting delegates and officers are the only individuals who will be recognized to speak during a business meeting.
When recognized, you should stand and state your name, chapter and then state the question, suggestion, opinion, recommendation, or motion.
Each voting delegate may debate no more than one time per motion with a two-minute limit on the debate.

Educating Pharmacy Technicians Across America
What is NAMI?
NAMI is the National Alliance on Mental Illness, the nation’s largest grassroots organization for people with mental illness and their families. Founded in 1979, NAMI has affiliates in every state and in more than 1,100 local communities across the country.

NAMI Mission:
NAMI is dedicated to the eradication of mental illnesses and to the improvement of the quality of life for persons of all ages who are affected by mental illnesses.

We all experience emotional ups and downs from time to time caused by events in our lives. Mental health conditions go beyond these emotional reactions and become something longer lasting. They are medical conditions that cause changes in how we think and feel, and in our mood. They are not the result of personal weakness, lack of character, or poor upbringing. With proper treatment, people can realize their full potential, cope with the stresses of life, work productively, and meaningfully contribute to the world. Without mental health we cannot be fully healthy. Yet, understanding mental health isn’t only about being able to identify symptoms and having a name for these conditions. There is a complicated system involving local communities, the federal government, research institutions, private companies, and other pieces that are all trying to fit together. Each piece contributes to our understanding of mental health - if one is missing, the picture isn’t complete.

TOP FIVE
Reasons to Choose

COLLEGE of CHARLESTON

Boundless opportunities
Cougars discover planets, compete as Olympians, build apps, speak at the United Nations and win Academy Awards.

A city without peer
Study in a place that has it all - outdoor adventure, breathtaking views, a vibrant arts scene and a booming economy for high-tech start-ups.

Healthy expectations
In 2015, 129 College of Charleston graduates enrolled in medical, dental, veterinary, pharmacy and nursing schools.

A top-rated faculty
Spanish Professor Devon Hanahan was voted the No. 2 teacher in the nation on ratemyprofessors.com.

Major in relevancy
Our fastest-growing majors are marketing, exercise science, arts administration, finance and public health - preparing our graduates to innovate and excel.
