This year has gotten off to a great start with the Washington Leadership Academy (WLA) behind us. The state officers are more than ready to help lead South Carolina HOSA "TOWARDS TOMORROW"!

While at WLA, the officer team learned the importance of being a positive influencer and how it can be effective in shaping our minds. The officers had the opportunity to visit locations such as the National Institute of Health, George Washington University, and Kaiser Permanente. The officers also met with South Carolina Congressmen to advocate for continued support of Perkins V (The Strengthening Career and Technical Education for the 21st Century Act).

Sharing our new knowledge and leadership skills in one of team's top priorities for the next year. If you would like to have an officer visit your chapter, please reach out to the officer team. <http://www.schosa.org/students-3/>
