## 2021 Virtual Booth

Life University is at the forefront of health education, both on campus and online.

Not only are we the largest single-campus Chiropractic university in the world, we also offer studies that can lead to careers in the fields of Functional Kinesiology, Vitalistic Nutrition, Positive Psychology, Applied Clinical Neuroscience and Positive Business.

Though our curriculum is challenging, our small student-to-faculty ratio (16:1) provides each student individualized instruction from a faculty whose aim is to produce graduates with the requisite skills to become exemplary healthcare practitioners and business leaders.

Welcome to LIFE University's  
Undergraduate Department

Undergraduate  
Preview Day

Undergraduate  
Requirements

Use application fee  
waiver code: LIFESS (until June 1st)

Q & A Zoom Session  
Tuesday, 3/9/21  
4 - 5:00 PM
