2021 - 2022 State Officers

Skyler Hays - President

Career Aspiration: Neurosurgeon/ Pediatric Oncologist

Benefits from HOSA: HOSA has benefited me by building my confidence and giving me the people I love most! I have grown into a hard-working, persistent, and passionate future health professional due to the unique and rewarding experiences I have had as a HOSA member and two-year State Officer! HOSA has inspired and challenged me, and I can't even begin to describe how much it has fostered growth in my leadership skills, widened my horizons personally and professionally, and has taught me to appreciate all of the small steps in my journey! I cannot thank HOSA enough for all it has done and will continue to do for future health professionals, and I am so excited to be a part of the State Executive Council Team as we "shatter expectations" at our 2022 State Leadership Conference!

Aryan Parmar - Vice-President

Career Aspiration: Neurology

Benefits from HOSA: HOSA has helped me further my interest in the medical field. I have gained new experiences through traveling and leading conferences. Also, I have made new connections with members and other state officers nationwide.

Morgan Creighton - Secretary

Career Aspiration: A **Neurosurgeon** conducting specialization research with scaffolding proteins, spinal paralysis, and neurodegenerative conditions. I will use computational and mechanical approaches to address clinical issues in the nervous system.

Benefits from HOSA: HOSA gave me a safe space to hone my interpersonal and academic skills. I am very thankful for my time in HOSA and as a state officer. I learned to be a more efficient and influential leader in different situations. HOSA has been continuity and the main highlight throughout my high school experience.

Asah Jenkins - Reporter

Career Aspiration: Cardiovascular Surgeon

Benefits from HOSA: It deepened my aspiration within the medical field but also gave me many opportunities to invest and to be invested in. In my health care journey, I have seen many perspectives and outlooks on what we need and what needs to be done in medicine. It gives me hope that I can one day save someone.

Annika Kirsch - Historian

Career Aspiration: Family Physician

Benefits from HOSA: HOSA has benefited me by teaching how to be the best me that I can be. By teaching me my strengths and weakness, it has showed me to be the best leader to impact change.
