In 2020

There were approximately 10 million workers under the age of 24 in the United States. These workers make up about 8% of the total workforce.

Every 2 Minutes

A young worker is injured on the job in the United States.

Every 21 Hours

A young worker dies from a work-related injury in the United States.

*Labor statistics provided by BLS.gov

Why do Young Workers Get Injured?

Low pay or high turnover jobs

1

Lack of training or supervision

2

Complacency and/or Distractions

3

Inexperience in General

4

CAREERSAFE OFFERS

SCHOLARSHIPS

National Youth Video Contest

Students from across the country are challenged to create a short video demonstrating safety in the workplace.

National Youth Essay Contest

Students are encouraged to submit a written or recorded essay describing how their OSHA 10-Hour training has made an impact in the way they recognize hazards and how it will be a benefit to their future.

Every year, CareerSafe awards over \$25,000 to students who participate in one of the officially sponsored annual contests.
