On behalf of the SC HSE council, we hope each of you are having an amazing beginning to the 2024-2025 school year! I would like to personally welcome all new teachers, and let you know we are so excited for you to be working alongside us. We are here to support you throughout the school year.

With the school year well underway, we hope that you are making plans to attend the **SC Health Science Educators Conference** on Sunday November 10 - Tuesday November 12, 2024, at the Embassy Suites Myrtle Beach, 9800 Queensway Blvd, Myrtle Beach SC 29572. This unique conference focuses on health science, sports medicine, EMS, and PLTW- biomedical program. You will have the opportunity to network, collaborate, and hear from nationally recognized guest speakers on many topics and methods to use within the health care classroom. If you can attend only one thing this year, this would be the conference to go to. Visit the [SC HSE Conference](#) page for more details about our outstanding guest speakers at this year's conference.

While at the conference, we will have our annual business meeting. At this time we will be voting on two open positions: the President-Elect (a three year term) and Treasurer (a four year term). You will receive a future email with a google form for the nominations. The information will also be posted on the [SC HOSA- Health Science Educators Page](#) in September. Council members must be active members of SC ACTE- HSE Division and have been active in the past few years to run for office. Without our council members, this conference would not be possible, please consider running for office.

Make sure to check our educators page regularly for any updates. I look forward to seeing all of you at our SC Health Science Educators Conference in Myrtle Beach.

Sincerely,

A handwritten signature in blue ink that reads "Anna Snipes". The signature is written in a cursive, flowing style.

Anna Snipes, RN
