# NATIONAL AND STATE SERVICE PROJECTS

The National HOSA service project is... **NMDP** formally known as “**Be the Match.**” As you map out your chapters program of work, make sure to include efforts to support our life saving service project NMDP. “Helping someone in such a profound way through an organization I love has given me a larger sense of purpose and has cemented my ‘why medicine.’” We go into medicine to help people, but if you could do the same without going to grad school and it only took 60 Seconds would you?” -Anonymous Donor

2025-26 SC HOSA State Service Project will support Shriners Children’s, a non-profit providing specialty medical care to children regardless of financial status. The focus will be on two facilities: Shriners Children-Greenville and MUSC Children’s Hospital Burn Center. SC HOSA encourages local fundraising and advocacy to impact children’s lives. Members are urged to participate in fundraising efforts as “Champions of Change,” with more information to be shared by the State Officer Team 48.
