Hello!

On behalf of the SC HSE Executive Council, we hope each of you is having an amazing beginning to the 2025-2026 school year! I would like to personally welcome all *new* teachers and let you know we are so excited for you to be working alongside us. We are here to support you throughout the school year.

With the school year well underway, we hope that you will attend the **SC Health Science Educators Conference** on Sunday, November 16, through Tuesday, November 18, 2025, at the Embassy Suites Myrtle Beach, 9800 Queensway Blvd, Myrtle Beach, SC 29572. This unique conference focuses on all the health science pathways, including sports medicine, EMS, public health, and PLTW- biomedical programs. You will have the opportunity to network, collaborate, and hear from nationally recognized guest speakers on many topics and methods to use within the health care classroom. If you can attend only one thing this year, this would be the conference to go to. Visit the [SC HSE Conference](#) page for more details about our outstanding guest speakers at this year's conference.

While at the conference, we will have our annual business meeting and will be voting on two open position: the President-Elect (a three-year term) and Secretary (one year term). The Google Form for Officer nominations will be posted on the [SC HOSA- Health Science Educators Page](#) in August. Council members must be active members of SC ACTE- HSE Division. The link to join ACTE is here: <https://www.schosa.org/sc-hse-member-benefits/>.

Without our council members, this conference would not be possible, and we appreciate your membership support. Please consider joining SC ACTE and running for an office.

In addition to Officer nominations, we are looking to highlight the wonderful educators, administrators, and business leaders who support our students across the state. We will recognize them at the Conference based on your nominations. Please go to the SC Health Science Educators page to find more information about making Awards Nominations. Teacher nominees must be SC ACTE members.

Make sure to bookmark the Health Science educators page and check it regularly for updates. I look forward to seeing all of you at our SC Health Science Educators Conference in Myrtle Beach in November.

Sincerely,

Lucia Watson, MSED, CAS, NBCT, RDH, CPhT, CPTed

SC HSE President

PTEC Leadership Council
