Emergency Preparedness Event

Eligible Divisions: Middle School, Secondary, & Postsecondary / Collegiate	Round 1: Pre-judged Video Trailer	Digital Upload Deadline: 11:59pm February 21st
Team Event: 2 - 6 competitors per team	Round 2: Presentation	

Event Summary

Public Health allows HOSA members to develop an effective, dynamic, and creative presentation informing the public about a significant public health issue. The team consists of 2-6 members. The event consists of two rounds. In Round One, the team creates a video “trailer” of their presentation with the goal of convincing a panel of judges of the need to view their full Round Two presentation. The video trailer should “wow” the judges. The highest-scoring teams will advance to Round Two, where a panel of judges will view the entire in-person presentation. The panel of judges for each round may be different, so bring your “A” game to both rounds.

The event aims to inspire members to be proactive health professionals. It aids in the development of a blend of skills necessary to address complex health challenges, including analysis and data literacy capabilities to interpret health trends, as well as communication and advocacy skills to engage with diverse communities and stakeholders effectively. The team nature of the event helps build leadership abilities for interdisciplinary teamwork and ethical decision-making.

2025-2026 Public Health Topic: Food Wars: Battling Big Soda and Ultra-Processed Food

Have you ever grabbed a soda or a bag of chips without giving it a second thought? You're not alone. These kinds of products—known as ultra-processed foods—are everywhere, and they're built to taste good, be convenient, and keep you coming back for more. But behind the scenes, there's a growing concern about how they impact your health—and how the companies that produce them influence our choices.

Ultra-processed foods include soft drinks, packaged snacks, frozen meals, and candy. They are typically high in added sugar, salt, and unhealthy fats, but low in nutrients your body needs. Regularly drinking sugary drinks or eating too many processed snacks can cause serious health issues over time, such as obesity, heart disease, and type 2 diabetes. Young people possess energy, creativity, and a voice. By learning the facts and speaking out, you can help build a healthier future for yourself and your community.

PRE SURVEY

All team members are asked to complete the pre-survey before the first competition in Public Health. The pre-survey can be found [HERE](#).

Dress Code

Round 1: Pre-judged virtually, not applicable

Round 2: Proper business attire, official HOSA uniform, costumes, or attire appropriate to the presentation

Competitors Must Provide

- [Photo ID](#)
- ONE team member uploads the ‘trailer’ video to the HOSA Digital Upload System by 11:59pm EST on February 21st for SLC competition
- Index cards or electronic notecards (optional)
- Presenters must bring their own equipment, and any special supplies needed to deliver the full in-person presentation during Round Two.

General Rules

1. Competitors must be familiar with and adhere to the [General Rules and Regulations](#)
2. Additional Opportunity:
The HOSA Scholarship program has funding available for HOSA members who have an interest in public health careers! The application process begins January 1, 2026 and can be found here: <https://hosa.org/scholarships/>

Community Presentation

1. The goal of the event is to create and deliver a presentation to a live community audience designed to inform the public about the assigned Public Health issue.
2. The presentation must effectively inform the audience about the annual topic, when presented to relevant groups in the community.
3. Presentations for the live community audience will be no more than nine (9) minutes in length.
4. Presentation tools such as posters, music, props, costumes, and other presentation tools may be used and are encouraged to develop and present a creative and effective public health presentation. Basically, anything goes. *The more creative, powerful and effective the presentation, the better.* There is no limit to the in-person presentation tools or techniques.
5. Teams should determine their target audience and plan how, when, and where they will deliver their presentation to the community.

ROUND ONE: Short Video Submission, Convince the Judges! (Digital Upload)

1. Round One will give each team three (3) minutes in video format to convince the judges of the power and effectiveness of the team's community presentation. What can you do in 3 minutes to convince the judges that they want to see your full presentation that you gave in your community? Plan your time carefully and "wow" the judges with your video presentation. Think of a "movie trailer" that convinces you to go see the full movie!
2. The video trailer submission does not need to be shown in the community, like the full presentation does. The video trailer is simply the time to "wow" the judges and earn your chance for a spot in Round Two.
3. The top Middle School, Secondary and Postsecondary/Collegiate teams from Round One will advance to Round Two, the full presentation for judges. The number of advancing teams will be determined by criteria met in Round One and space available for Round Two.

REQUIRED Digital Uploads

1. The following item **MUST** be uploaded by ONE member of the team to the HOSA Digital Upload System by **11:59pm EST on February 21st**:
 - a. Link to the team's round 1 video trailer presentation
11:59pm EST on February 21st is the **final deadline** and there will be **NO EXCEPTIONS** to receipt of the required materials after the deadline. We **STRONGLY** suggest not waiting until the last minute to upload online to avoid user challenges with the system.

2. Detailed instructions for uploading materials can be found at:
<https://hosa.org/competitive-event-digital-uploads/>
4. For SLC, the digital materials uploaded by 11:59pm EST on February 21st will be PRE-JUDGED. Competitors who do not upload materials are NOT eligible for the Round Two presentation portion of competition and **will NOT be given a competition appointment time at SLC**. All digital content uploaded as of 11:59pm EST on February 21st is what will be used for pre-judging at SLC.

ROUND TWO: Full Presentation

1. The top teams from Round One will advance to Round Two. The number of advancing teams will be determined by the scores obtained in Round One and the space and time available for Round Two. Round Two finalists will be posted on the conference App.
2. For Round Two, the full presentation to the judges **should be the same presentation that was performed in the public / community**. Basically, anything goes. The more creative, powerful and effective the presentation, the better. There is no limit to the presentation tools or techniques.
3. Teams will have five (5) minutes to set up in preparation for their presentation, and three (3) minutes to tear down after their presentation.
4. Prior to beginning the Round Two presentations for judges, the team will state the date and audience to which the full presentation was given (e.g., "The following presentation was completed at the Mayor's office on March 1, 2025"). This gives judges verification that the team presented to the public. Time starts after the team states this information. If the team does not share this information after 30 seconds, the timer will state, "time has started."
5. Use of index card notes during the Round Two presentation is permitted. Electronic notecards (on a tablet, smart phone, laptop, etc...) are permitted but may not be shown to judges.
6. The full presentation will be a maximum of nine (9) minutes in length. A timecard will be shown with one (1) minute remaining, and the presentation will be stopped after 9 minutes.
7. While competitors may pose rhetorical questions to the judges, they may not engage in direct dialogue or provide them with any materials before, during, or after the presentation.
8. All team members must take an active (speaking) role in the full presentation.

Supplies

1. Teams will NOT have access to electricity. Battery-powered equipment (such as a laptop) is permitted. Internet connection is NOT provided but is allowed if the team provides it themselves.
2. HOSA will provide a table for Round Two. The team must provide all other equipment and presentation needs.

Final Scoring

1. Scores from Round One video submissions will be used to determine advancement to Round Two and will be added to Round Two scores for final placement.
2. In the event of a tie, a tiebreaker will be determined by the areas on the rating sheet section(s) with the highest point value in descending order.
